

1st Information Bulletin

Dear Colleagues,

It is our great pleasure to announce that, the inaugural conference of Medical Educators' Society of India (**MESICON-2020**) will be held on **14th and 15th, February 2020** at Bankura Sammilani Medical College campus, Bankura, West Bengal.

This conference will provide a forum for medical educators, both young and stalwarts alike, to exchange their thoughts, ideas, views, experiences and best practices in Medical Education Technology and for effective implementation of Competency Based Medical Education, across different institutions, with the common goal to create competent Indian medical graduates throughout the country.

Bankura Sammilani Medical College, the venue of this conference, is one of the oldest Government Medical Institutions in West Bengal. It was established in 1926 and was recognised as a Medical College in 1956 by the MCI. The MEU of this institution has been actively involved in conducting RBCW-AETCOM regularly under the supervision of MCI, for the last few years.

Bankura district, known as the land of red earth, is endowed with natural beauty and is dotted with hills, rivers and dense forests. It is home to the world famous exquisitely carved Terracotta temples, handwoven Baluchari silk sarees and folk inspired Dokra and Terracotta figurines that are sought by handicraft enthusiasts. The iconic Bankura horse has found its place in the logo for All India Handicrafts and is a collectors delight.

We are fortunate to have confirmation from eminent guest speakers from different Nodal and Regional centres of MCI. We hope the faculties of different medical colleges will grace the occasion to make it a grand success.

Dr. Ranadeb Bandyopadhyay
(Organizing Chairman)

Dr. Aditya Prasad Sarkar
(Organizing Secretary)
